

A large crowd of people, mostly men, are seated in rows of chairs, facing towards the left side of the frame. Many of the individuals are wearing bright green t-shirts, some of which feature the Mikrotik logo. The setting appears to be a large indoor hall or auditorium. The overall atmosphere suggests a professional conference or a large-scale community event. The text 'Mikrotik' is superimposed over the center of the image in a large, white, stylized font.

NEW RB711

RB711 models

Feature / Model	RB711-2Hn	RB711-2HnD	RB711UA-2HnD
Wireless chains	1	2	2
USB	-	-	Yes
License	CPE	CPE	AP
RAM	32MB	32MB	64MB
Powering	PoE	PoE	Poe / Jack

Feature / Model	711-5Hn	711-5HnD	711UA-5HnD	711G-5HnD	711GA-5HnD
Wireless chains	1	2	2	2	2
USB	-	-	Yes	-	Yes
License	CPE	CPE	AP	CPE	AP
RAM	32MB	32MB	64MB	32MB	64MB
Gigabit port	-	-	-	Yes	Yes
Powering	PoE	PoE	PoE / Jack	PoE	PoE / Jack

Integrated Outdoor

Groove 5Hn

5GHz

Tough construction

69\$ - Groove 5Hn, **89\$** - Groove A-5Hn

Available now, PoE+Power supply included

Groove 2Hn

2GHz

Tough construction as the Groove 5Hn

Available in **December**

SXT 5HnD

CPE or Point-to-Point
5GHz

802.11n dual chain

16 dBi antenna

89\$ (SXT+PoE+Power)

Available now

OmniTik U-5HnD

5GHz

802.11n dual chain

7.5 dBi antenna

Dual Polarization

119\$, Available now

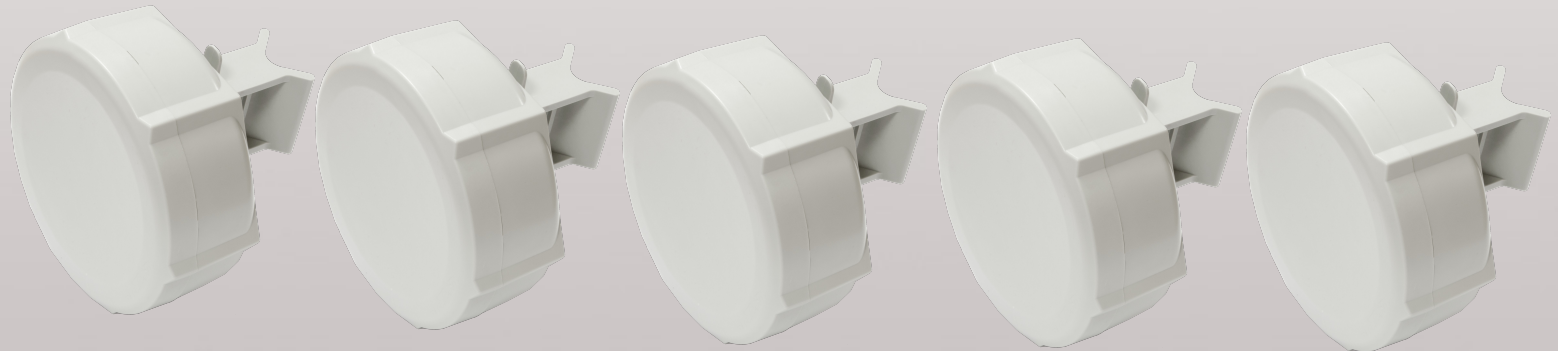

The SIXPACK!

Five SXT + one OmniTik **FREE**

445\$, ~~564\$~~ separately

Available now

Sextant

CPE or Point-to-Point
5GHz

802.11n dual chain

18 dBi antenna

89\$ (SXT+PoE+Power)

Available now

Integrated Indoor

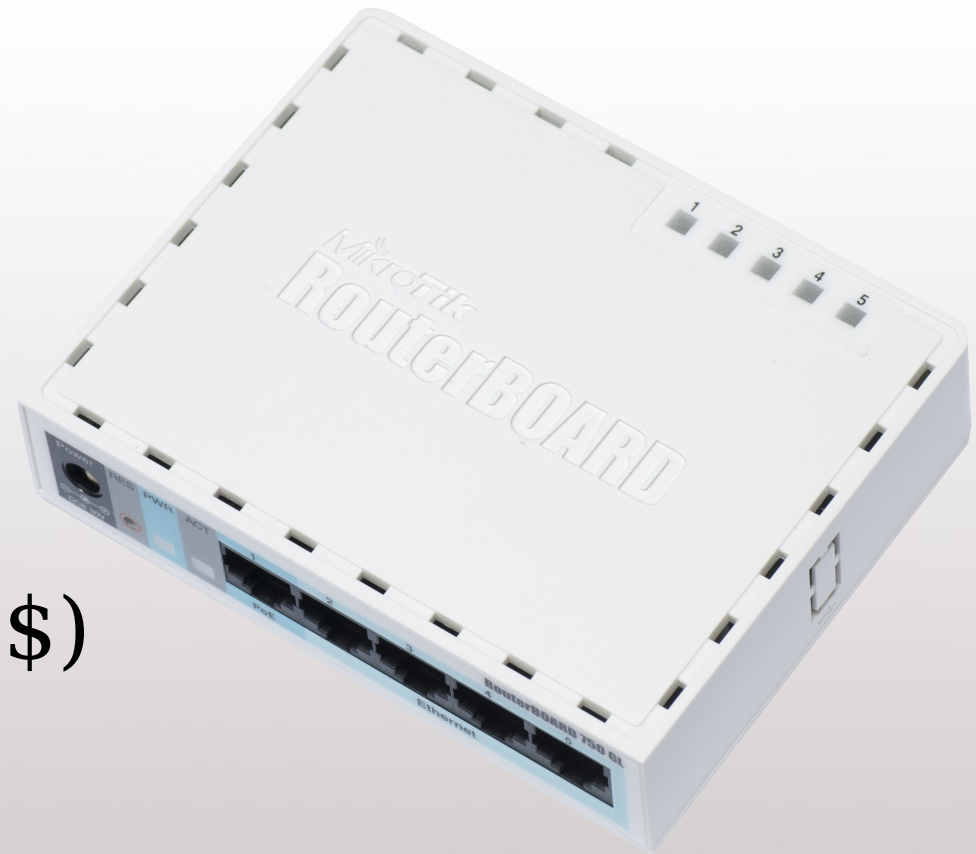

RB750GL

New CPU

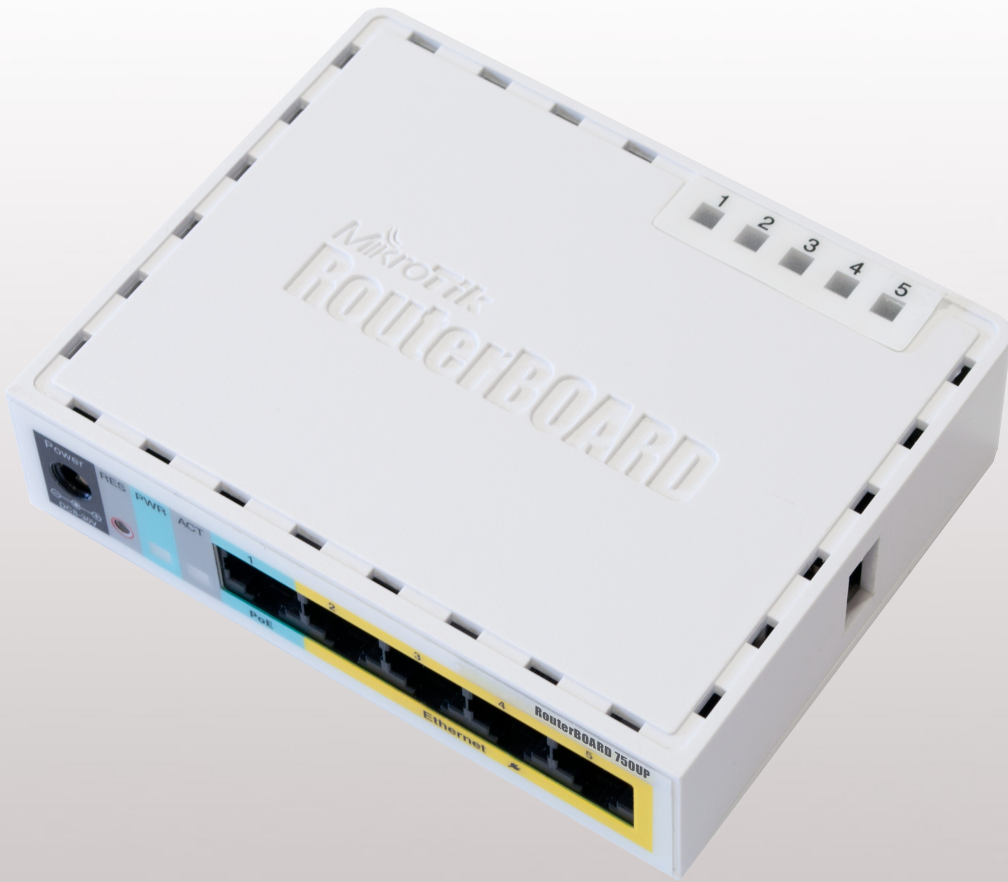

64MB RAM

59.95\$, (RB750G 69.95\$)

Available now

RB750UP

Same as RB750+USB

24V output on 4 ports

*controllable PoE out

*SNMP for (V)&(A)

Available **December**

RB751

2GHz

802.11n dual chain

1W output power

MIMO antennas

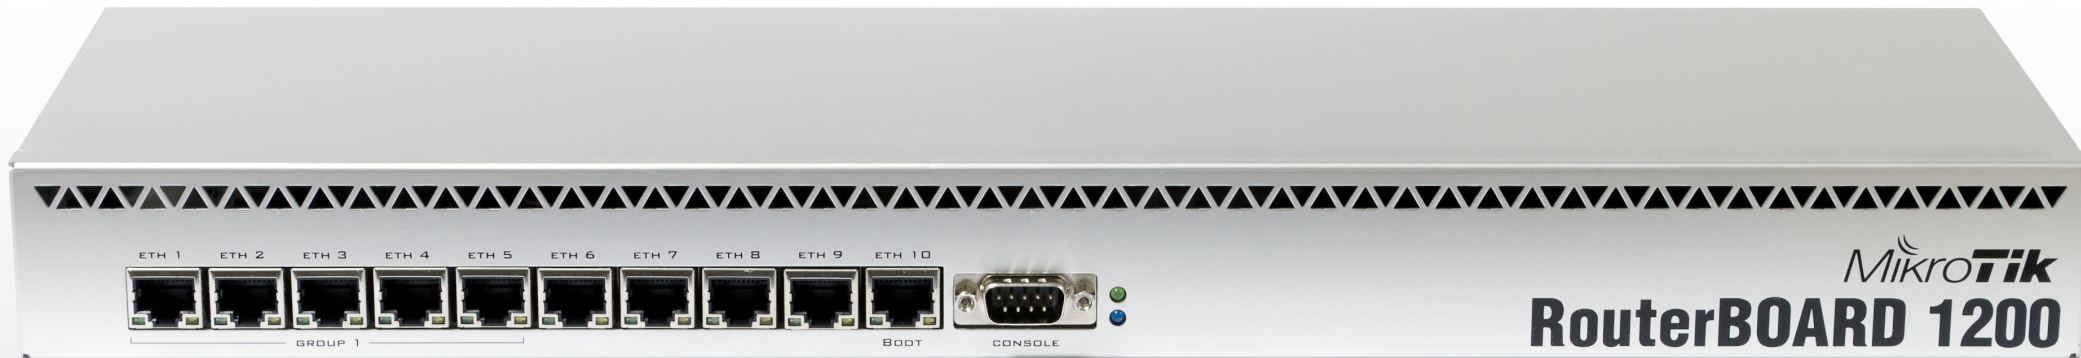

External MMCX

751U-2HnD - **now**

751G-2HnD - **January 2012**

RB1200

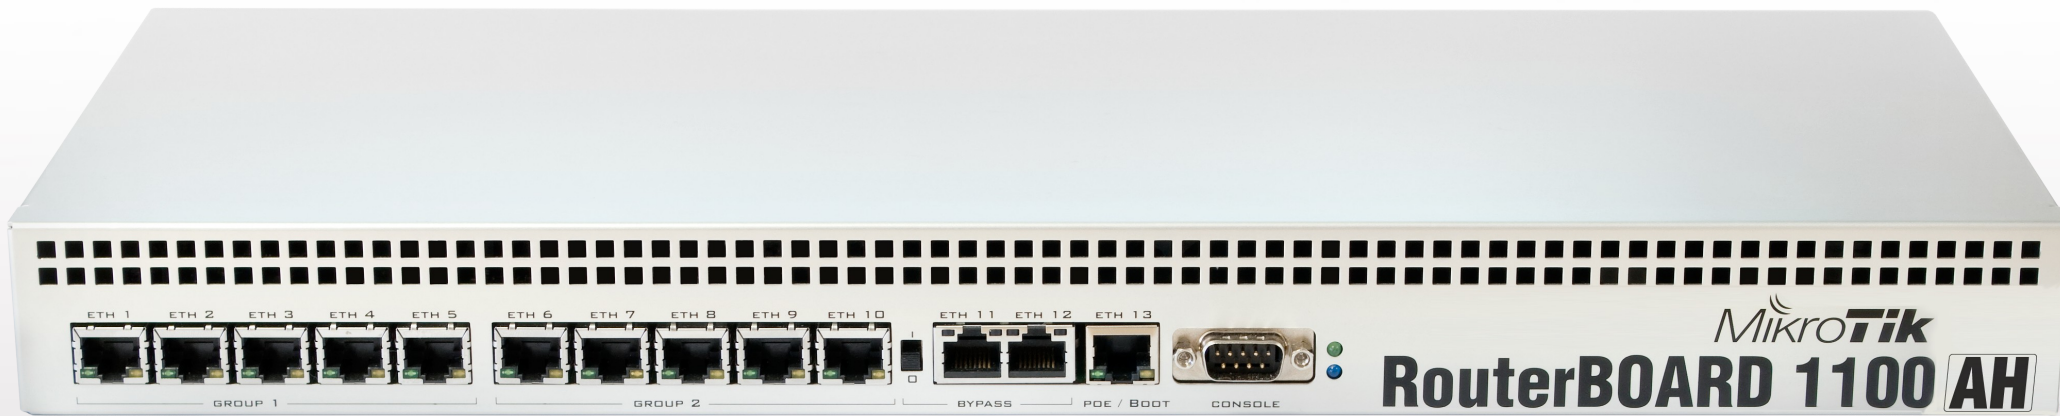

New CPU 1GHz

One switch group

No moving parts, rackmount

399\$, available now

RB1100AH

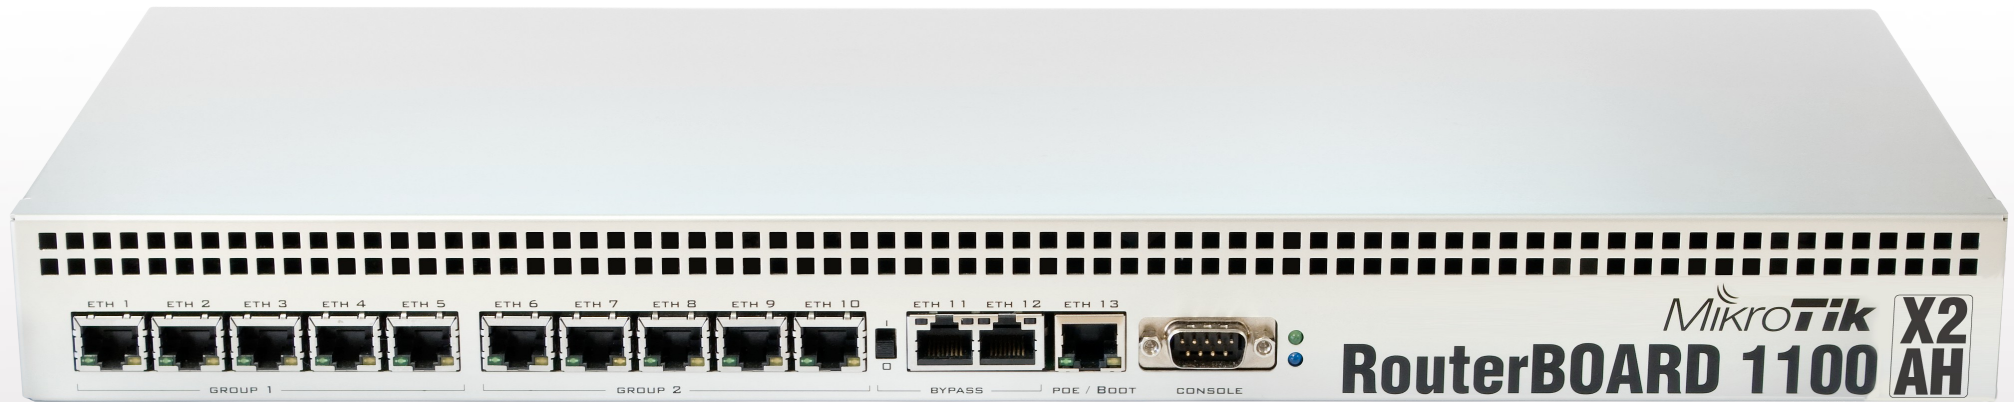

New CPU and RB design

Rackmount core router

Available **now**

RB1100AHx2

Dual Core CPU

Passthrough >million packets

Fastest RouterBOARD **now!**

Available November

RB2011

LOW cost

Rackmount or Desktop

5xGigabit, 5x100Mbit

SFP/USB/WiFi

Available Q1 2012

The MUM

Thanks to all Presenters

Enjoy the Meeting!
