MikroTik App iOS / Android

- Auto-Configuration
- Simplified interface
- support@mikrotik.com

The screenshot shows the MikroTik App iOS login interface. At the top, the status bar displays 'Tele2', signal strength, time '15:21', and battery level '74%'. The MikroTik logo is centered, with 'Tik-App iOS 0.16' below it. A vertical menu icon is in the top right. Below the logo, there are three tabs: 'LOG IN' (selected with a blue underline), 'SAVED', and 'DISCOVERED'. The 'LOG IN' section contains three input fields: the first has '192.168.88.1', the second has 'admin', and the third is labeled 'Password'. Below these fields is a checkbox labeled 'Keep password' which is checked. At the bottom, there are two buttons: a dark blue 'SAVE' button and a blue 'CONNECT' button.

The image shows the MikroTik logo in a dark gray, 3D-style font. The word "Mikro" is in a standard sans-serif typeface, while "Tik" is in a bold, italicized sans-serif typeface. Above the letter 'i' in "Mikro", there are two curved lines that resemble a stylized signal or a bird in flight. The entire logo is positioned on a light gray surface that reflects the logo, creating a subtle 3D effect. The background is a smooth, light blue-to-white gradient.
